

Alain Veuve

Alain Veuve is a Swiss parallel entrepreneur with a focus on technology start-ups. His engagements include Deep-Tech Startup Parashift AG, bookkeeping-startup Accounto AG, real estate SaaS Fairwalter AG and TYPO3 GmbH in Düsseldorf. Alain Veuve is also the founder of the company builder TREA Ventures.

Since 1997, Alain Veuve has invested financially and operationally in several IT and Internet companies as well as start-ups. Within the scope of these activities, Alain Veuve has accompanied and strategically advised various international companies in their digital transformation as well as in their e-business ventures.

Today, Alain Veuve is a much-quoted thought leader in digital transformation in Europe, regularly attending conferences as a speaker. His blog, alainveuve.com, is a popular source of insights for digital decision makers. In 2017, Alain Veuve was named one of LinkedIn's Top 20 Voices in Europe. XING also ranked Alain among the "top writers".

Veuve regularly writes for various publications such as t3n and others.
